ABSTRACT

Human need is an important phenomenon. It is widely studied and analyzed in every day's life. The research is about human need and its reality in regard to the perspective of Abraham Maslow and Jesus Christ. The research predominately analyzes Maslow's hierarchy of need and Jesus teachings of need. The differences and similarities of the human need with these perspectives are considered in the analysis of the study. Based on the findings, the research proposes a realistic human need management for better living by an individual in acquiring benefits and contributing benefits to other.

Keywords: Need, Hierarchy, Worry, Self-Actualization, Self Esteem, Independent and Dependent
